

ISPPCC 2019

The 23rd International Symposium on the Photochemistry and Photophysics of Coordination Compounds

14 – 19 July 2019, Hong Kong

Scientific Topics

Frontiers in spectroscopy and theory of excited states
Light-emitting molecular materials
Optical sensing and imaging in biology
Photophysics and coordination photochemistry
Ultrafast dynamics of photoinduced processes

Local Organizing Committee

Kenneth Kam-Wing Lo

Yun Chi

Chi-Chiu Ko

Michael Hon-Wah Lam

Tai-Chu Lau

Dennis Kee-Pui Ng

Ben Zhong Tang

Gary Ka-Leung Wong

Raymond Wai-Yeung Wong

Vivian Wing-Wah Yam

City University of Hong Kong

City University of Hong Kong

City University of Hong Kong

City University of Hong Kong

City University of Hong Kong

The Chinese University of Hong Kong

Hong Kong University of Science and Technology

Hong Kong Baptist University

Hong Kong Polytechnic University

The University of Hong Kong

Venue

City University of Hong Kong (CityU), located at the center of Hong Kong, will be the venue for the scientific program of the symposium. CityU is just ten minutes of walk from the Kowloon Tong mass transit railway (MTR) station and next to a large shopping mall Festival Walk, which offers a wide range of shopping and dining options.

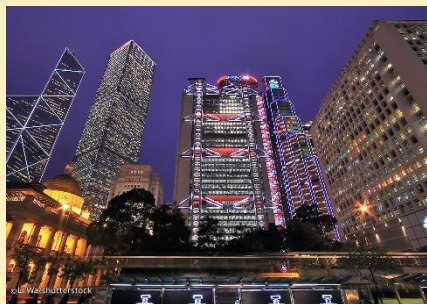

Access

Hong Kong is a key aviation hub serviced by more than 100 airlines operating direct flights to a number of cities over the world. CityU can be reached by MTR from the Hong Kong International Airport via Airport Express (45 minutes) or by taxi (25 minutes). Participants from mainland China may also travel to Hong Kong by train. The MTR runs regular through-train intercity services between Hong Kong and Guangdong province. Frequent rail services are available between Hong Kong and Shenzhen.

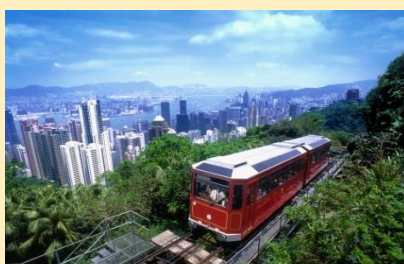

Scientific and Social Programs

The scientific program will comprise 8 plenary lectures, 16 invited lectures, a number of oral presentations, and a poster session. The social program will include a welcome reception, an afternoon excursion, and an evening banquet. More details on the programs will be announced at a later date.

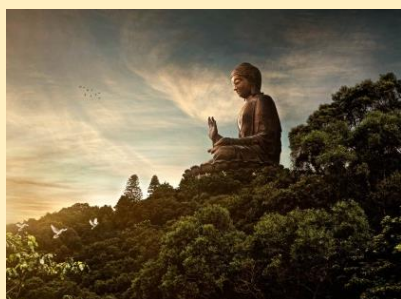

Accommodation

CityU provides a number of air-conditioned rooms in the student residential halls, which are easily accessible (10-minute walks). Many hotels are also available near CityU and are easily accessed by local transportation such as the MTR. More details on accommodation choices will be available at a later date.

Weather and Currency

It is generally hot and humid in Hong Kong in July, with occasional showers and typhoons. The average low and high temperatures are 27°C (81°F) and 31°C (88°F). However, most indoor areas are air-conditioned. Hong Kong dollar is the official local currency (HKD 7.8 = USD 1). Currency exchange is available at the airport, Hang Seng Bank on CityU campus, and other banks in Festival Walk.

Contact and Subscription to the Mailing List

Please send an email to the Secretary (chemisppcc@cityu.edu.hk) or Ken Lo (bhkenlo@cityu.edu.hk) to receive most updated information of the symposium. The website of the meeting will be available soon.

We look forward to welcoming you to Hong Kong in July 2019!
